Celebrating (S)heroes Among Us
On International Women's Day

Celebrating (S)heroes Among Us

A (S)hero is a woman admired or idealized for her courage, outstanding achievements, or noble qualities; a heroine.

The Women's Giving Circle of Howard County is honored to highlight and celebrate the many (S)heroes Among Us in our community who make a difference in their own ways every day in our community.

This year, we are proud to highlight 5 women who have led critical efforts on behalf of organizations that we have funded this year through our Emergency Response Network, that are focusing on widespread community needs affecting women, their families, and the broader community.
